TABLERO MARINO / MARINE PLYWOOD BOARD

Los muebles de la gama F5 están contruidos íntegramente con tablero marino de 19 mm.

El tablero marino es una madera con una casi nula absorción de agua, muy resistente a la humedad y al calor. Tiene unas extraordinarias propiedades mecánicas que le aportan una gran estabilidad y no se hincha con los cambios de temperatura o humedad.

Es un material ideal para conseguir los acabados de la colección tanto en lacado como en madera laminada. / *The furniture in the F5 range is constructed entirely from 19 mm marine plywood board. Marine plywood board is a wood with virtually no water absorption, highly resistant to moisture and heat. It possesses extraordinary mechanical properties that provide great stability, and it does not swell with changes in temperature or humidity.*

It is an ideal material for achieving the finishes in the collection, whether in lacquered or laminated wood.

DISEÑO 45° / 45° DESIGN

La gama F5 tiene un diseño basado en el inglete a 45°.

Una terminación artesanal que le aporta un acabado diferenciador.

En la colección COOL los laterales y la base tienen un inglete invertido mecanizado en forma de galce que consigue un perfecto ensamblaje y acabado. El diseño enmarcado le aporta volumen y un juego de luces y sombras que le aporta dinamismo al mueble. Ideal si el mueble va ajustado

a pared sin que los cajones rocen en la apertura.

En la colección POLE el inglete provoca una continuidad e integración en todas sus piezas. El frisado asimétrico le aporta una gran identidad y dinamismo que se une a un clip metálico de varios colores y que se puede poner en cualquier posición de manera individual o múltiple lo que le aporta un carácter único y diferenciador. / *The F5 range features a design based on a 45° miter joint, a handcrafted finish that provides a distinctive appearance.*

In the COOL collection, the sides and base have an inverted miter with a machined rebate that achieves perfect assembly and finishing. The framed design adds volume and creates a play of light and shadows that brings dynamism to the furniture. It is ideal when the furniture is fitted against the wall, ensuring that drawers open smoothly without contact.

In the POLE collection, the miter joint creates continuity and seamless integration across all its pieces. The asymmetrical fluting provides strong identity and dynamism, complemented by a metallic clip available in various colors. This clip can be placed individually or in multiples in any position, giving the furniture a unique and distinctive character.

GARANTÍA / WARRANTY

Gracias a la gran calidad de los materiales utilizados, tablero marino, herrajes, sistema constructivo permite que la gama F5 tenga una garantía extraordinaria de 5 años / *Thanks to the high quality of the materials used—marine-grade plywood, hardware, and the construction system—the F5 range offers an exceptional 5-year warranty.*

CAJONES ULTRASLIM 2 MM / 2 MM ULTRASLIM DRAWERS

Nuevo cajón Ultraslim, novedad en el sector del baño con un perfil metálico de grosor 2 mm de minimalismo puro. El alto valor estético de este cajón está validado a nivel funcional con una mayor capacidad interior de almacenaje y una regulación en 3 dimensiones, sin herramientas.

Para un mejor uso y almacenamiento el cajón superior tiene una altura de 12 cm y el inferior de 15 cm. / *New Ultraslim drawer, a breakthrough in the bathroom sector featuring a 2 mm thick metal profile of pure minimalism. The high aesthetic value of this drawer is functionally validated with increased internal storage capacity and 3-dimensional adjustment, without the need for tools. For better use and storage, the top drawer has a height of 12 cm, while the bottom drawer is 15 cm.*

ENCIMERAS Y ESPEJOS / COUNTERTOPS AND MIRRORS

La gama F5 tiene una amplia gama de complementos tanto de espejos como de encimeras. Los espejos retroiluminados con diferentes diseños de tendencia tienen incorporado de serie el sistema antivaho y los sensores de encendido tanto para el antivaho como para la iluminación. Se incorpora un modelo que combina la luz retroiluminada y frontal con un sensor que permite el cambio de la temperatura de la luz y su intensidad.

Las encimeras integradas se ofrecen en tres diferentes materiales, de cerámica en diferentes colores (Blanco mate, Negro mate, Blanco brillo), de solid marble y de porcelánico. La solución de lavabo sobreencimera ofrece la posibilidad de diferentes lavabos y una solución monocolor totalmente integradora y de máxima tendencia. /

The LITE range offers a wide selection of accessories, including mirrors and countertops. The backlit mirrors, featuring various trendy designs, come standard with an anti-fog system and touchless sensors for both the anti-fog function and lighting. One model combines backlit and front lighting with a sensor that allows adjustment of light temperature and intensity. The integrated countertops are offered in three different materials: ceramic in various colors (matte Blanco, matte Negro, glossy Blanco), solid marble, and porcelain. The countertop basin solution offers the possibility of different basin designs and a fully integrated, monochromatic solution that aligns with the latest trends.

DISEÑO / DESIGN

La gama LITE incluye colecciones que siguen las tendencias del mercado basadas en el color, los diferentes materiales y en las texturas. Estilo vanguardista, industrial y mediterráneo son alguna de sus señas de identidad. Tiradores integrados en el mismo material o metálicos insertados aportan soluciones de estilo y minimalistas. / *The LITE range includes collections that follow market trends based on color, diverse materials, and textures. Avant-garde, industrial, and Mediterranean styles are some of its defining characteristics. Integrated handles made from the same material or metallic inserts provide stylish and minimalist solutions.*

LACADOS / LACQUERS

Los colores lacados mate tienen unos aditivos endurecedores que aseguran una extraordinaria resistencia al frote. Su textura frizada se consigue sobre un MDF de alta densidad que permite este tipo de acanalados singulares. / *Matte lacquered colours contain hardening additives that ensure exceptional resistance to rubbing. Their textured, frosted finish is achieved on high-density MDF, allowing for these unique grooves.*

CAJONES ULTRASLIM 2MM / 2 MM ULTRASLIM DRAWERS

Nuevo cajón Ultraslim, novedad en el sector del baño con un perfil metálico de grosor 2 mm de minimalismo puro. El alto valor estético de este cajón está validado a nivel funcional con una mayor capacidad interior de almacenaje y una regulación en 3 dimensiones, sin herramientas. Para un mejor uso y almacenamiento el cajón superior tiene una altura de 12 cm y el inferior de 15 cm. / *New Ultraslim drawer, a groundbreaking innovation in the bathroom sector featuring a 2 mm thick metallic profile for pure minimalism. The high aesthetic value of this drawer is matched by its functional advantages, including increased internal storage capacity and 3 dimensional adjustment, without tools. For optimized use and storage, the top drawer has a height of 12 cm, and the bottom drawer measures 15 cm.*

ENCIMERAS Y ESPEJOS / COUNTERTOPS AND MIRRORS

La gama LITE tiene una amplia gama de complementos tanto de espejos como de encimeras. Los espejos retroiluminados con diferentes diseños de tendencia tienen incorporado de serie el sistema antivaho y los sensores de encendido tanto para el antivaho como para la iluminación. Se incorpora un modelo que combina la luz retroiluminada y frontal con un sensor que permite el cambio de la temperatura de la luz y su intensidad. Las encimeras integradas se ofrecen en tres diferentes materiales, de cerámica en diferentes colores (Blanco mate, Negro mate, Blanco brillo), de solid marble y de porcelánico. La solución de lavabo sobreencimera ofrece la posibilidad de diferentes lavabos y una solución monocolor totalmente integradora y de máxima tendencia. / *The LITE range offers a wide selection of accessories, including mirrors and countertops. The backlit mirrors, featuring various trendy designs, come standard with an anti-fog system and touchless sensors for both the anti-fog function and lighting. One model combines backlit and front lighting with a sensor that allows adjustment of light temperature and intensity. The integrated countertops are offered in three different materials: ceramic in various colors (matte Blanco, matte Negro, glossy Blanco), solid marble, and porcelain. The countertop basin solution offers the possibility of different basin designs and a fully integrated, monochromatic solution that aligns with the latest trends.*

SOLUCIONES SMART / SMART SOLUTIONS

La gama SINGULAR nos ofrece un conjunto de soluciones adaptadas a cada necesidad.

La colección MINI una propuesta de mueble-lavabo de fondo reducido con puerta reversible de cierre progresivo y con un estante interior regulable, se adapta perfectamente a pequeños espacios. Mueble minimalista con tirador oculto y lateral fino se combina con un lavabo cerámico integrado extrafino. Tres acabados, lacado Blanco brillo y dos acabados de madera laminada.

La colección ORIGIN ofrece una estructura ligera de aluminio en Negro mate con estante decorativo en tablero marino y toallero frontal. Esta estructura en combinación con una encimera cerámica integrada con faldón se convierte en una solución perfecta para ámbitos hoteleros o baños de cortesía.

Los complementos de encastrar BOX en acero inoxidable son una solución perfecta como complemento en la decoración del baño. 2 acabados y 2 formatos se adaptan a cualquier circunstancia con una fácil instalación. /

The SINGULAR range offers a set of solutions tailored to every need.

The MINI collection, a compact vanity unit proposal with a reversible soft-close door and an adjustable inner shelf, is perfectly suited for small spaces. This minimalist unit with a concealed handle and slim sides pairs seamlessly with an integrated ultra-thin ceramic sink. Available in three finishes: glossy Blanco lacquer and two wood laminate finishes.

The ORIGIN collection features a lightweight matte Negro aluminum structure with a decorative marine board shelf and a front towel rack. This structure, combined with an integrated ceramic countertop with a skirt, becomes the perfect solution for hospitality spaces or guest bathrooms.

The BOX built-in accessories in stainless steel are a perfect addition to bathroom décor. With two finishes and two formats, they adapt to any circumstance with easy installation.

ENCIMERAS Y ESPEJOS / COUNTERTOPS AND MIRRORS

La gama SINGULAR tiene una amplia gama de complementos tanto de espejos como de encimeras.

Las encimeras cerámicas integradas son la mejor solución para ámbitos de máxima resistencia sin perder funcionalidad

Los espejos retroiluminados con diferentes diseños de tendencia tienen incorporado de serie el sistema antivaho y los sensores de encendido tanto para el antivaho como para la iluminación. Se incorpora un modelo que combina la luz retroiluminada y frontal con un sensor que permite el cambio de la temperatura de la luz y su intensidad. /

The SINGULAR range includes a wide selection of accessories for both mirrors and countertops.

Integrated ceramic countertops are the best solution for highly resistant environments without losing functionality.

Backlit mirrors with various trendy designs come equipped with an anti-fog system and sensors for both the anti-fog function and lighting activation. A model is included that combines backlit and front light with a sensor that allows for changing the light temperature and intensity.
