aters are based in Ashbourne on the edge of the Peak District National Park, where we take inspiration for the design of our baths from the surrounding natural beauty and ever changing seasons to create stunning hand crafted bathroom centrepieces.

No matter the size of your room or if you enjoy a steaming hot bath, a cool, quick dip or a luxuriously sudfilled soak, we have the perfect bath for your project.

We manufacture baths in Lucite acrylic and composite stone. This catalogue features four collections of acrylic bath tubs, for details on our composite stone collections, please refer to our stone catalogue or website.

### to fill or not to fill...

...that is the question, but the choice is yours! Our Infinity collection of eight freestanding baths are the world's first thin-edged acrylic bath tubs with integrated overflow filling. Offering total design freedom, they can be installed simply alongside a tap. Or, for a more cleaner, contemporary bathroom design, coupled to a thermostatic mixing valve for fingertip temperature and flow control, filling the bath with filtered and aerated water for a truly luxurious bathing experience.

And, to provide the ultimate in personal expression, our overflow and waste covers can be specified from a selection of 12 colours to accent other bathroom fittings.

## See it, to believe it! watch the ad'...

To celebrate the launch of the Infinity collection and demostrate its ground breaking unique appeal we've made our first ever multimedia ad'. Availiable to view on our website, YouTube and all uk premium retailers.

## introducing the two 12 filling system...

A unique universal overflow filling system for use on all steel or acrylic bath tubs. Supplied with chrome overflow and waste cover, everything you need for a sucessful install is included within the box, including the trap.

With just one or two plumbing connections it can be installed as an overflow only alongside a tap or connected to a thermostatic mixing valve to provide a modern, contemporary bathroom design delivering filtered and aerated water, thanks to inbuilt technology for the most indulgent bathing.

However used, you can add more depth or colour match the overflow and waste covers with other brassware in a bathroom by adding one of 12 colour kits, a breadth of choice not seen before.

For more info on this revolutionary new product see our social media channels for info, installation, care and maintenance videos.

### Relax

With over 30 baths in our collections its impossible for retailers to display them all. However, some of our baths share the same internal design. So, while you may have your heart set on a Coast or a Cove, trying a similarly sized Stream allows you to experience the bath's feel without the need to travel further.

## Corner & Shower Baths

Designed for the smaller sized room, but big on features. Convenient shower baths with freestanding ends, for luxurious bathing

Easy to install, with a wide variety of filling options. These family favourites offer somewhere for the toys & bathing essentials

### Freestanding Baths

When you have the luxury of space, these baths are the epitome of style, beautifully designed bathroom centre
